How to Play - The Basics

- Poker is a turn based strategy game
- Actions:
  - Check: Passing (Deliberate Table Tap)
  - Bet: Be the first on a betting round to put chips in the pot
  - Raise: Increase the amount of an active bet
  - Call: Match a bet/raise
  - Fold: Give up your hand, losing the pot
  - Blinds/Ante → Preflop → Flop → Turn → River → Showdown

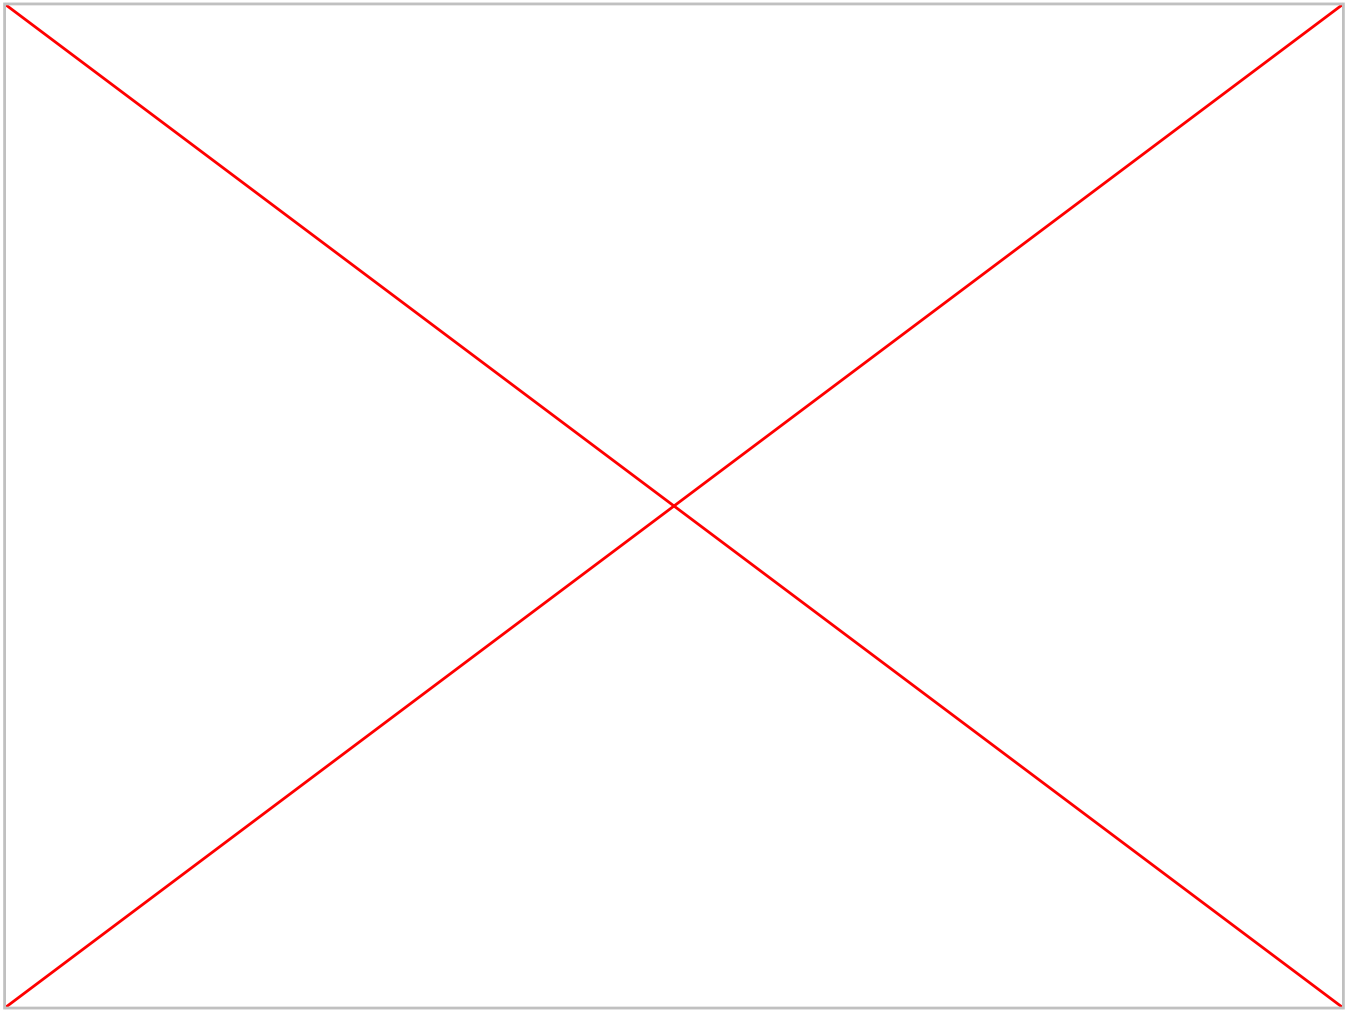

How to Play - Positions

How to Play - Street Play (NLH)

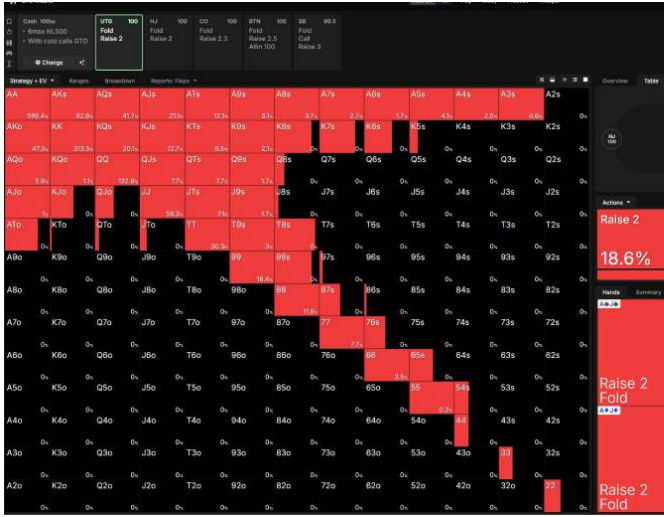

1. Blinds/ante
2. Preflop: Each player receives 2 private cards
    2.1. The person to the left of the big blind starts action preflop (raise/call/fold)
        2.1.1. Moves to the left/clockwise until there are no players left to act
3. Flop - after preflop, 3 community cards are dealt
    3.1. The player to the left of the Button starts the action (check or bet)
    3.2. Action moves clockwise until complete
4. Turn/River - 1 community card is dealt each street
    4.1. Same betting order as flop
5. Showdown
    5.1. After all river action is complete, players show their cards to see who wins. (OOP must show first, if push comes to shove)

How to Play - Beginner Strategy

1. Hide your cards!
2. Keep chips organized and in stacks
3. Beginner Strategy
    a. Play aggressively preflop (Raise or fold)
        i. Suited Hands > Offsuit Hands
    b. Try to think about how much your hand ranking is worth
    c. Bet when you have a strong hand
